

REVIVE-MAXX FLOOR PADS

ABOUT REVIVE-MAXX FLOOR PADS

IDEAL FOR USE ON TERRAZZO, RESIN (TOP COAT), EPOXY, CONCRETE, MARBLE, GRANITE, CERAMIC TILES, AND MORE!

These pads will remove scratches and surface imperfections and restore most surfaces to a "good as new" shine. Impregnated with FERRZON, the only substance capable of scratching a diamond. Use wet or dry with auto scrubbers, ultra-high-speed burnishers, and 3-head grinding/polishing machines.

BLACK
100 GRIT

- Most aggressive
- Ideal for deep surface renovation
- Designed for occasional use on very bad floors
- Run machine at 180-400 RPM with a minimum weight of 80 lbs when working wet

ORANGE
200 GRIT

- Aggressive pad
- Ideal for deep surface cleaning
- Use on moderately bad floors
- Run machine at 180-400 RPM with a minimum weight of 80 lbs when working wet

RED
400 GRIT

- Ideal for heavy duty surface renovation
- Removes light to medium scratches, etch marks, and cleans deeply soiled floors
- Can be used to remove standard floor coatings
- Use with burnishing machine at medium speed

BLUE
800 GRIT

- Medium pad – most popular in large industrial & commercial applications
- Designed for deep cleaning
- Will remove light scratches or repair lightly worn surfaces to produce a light reflective finish
- Run burnishing machine at high speed

YELLOW
1500 GRIT

- High grit pad – starts the polishing process
- Used for polishing and cleaning
- Produces a clear reflective shine and silky luster
- Run burnishing machine at high speed

GREEN
3000 GRIT

- Highest grit pad – final polishing phase
- Leaves highest shine available
- Can be used daily to maintain and improve polish
- Removes small scratches and dullness in high-traffic areas
- Run burnishing machine at maximum speed
